Dear Explorer,

My name is Mesha and I love uncovering the Beauty N' The East.

No matter how many times I've visited Dubai, I am always amazed at the latest world-defying inventions and epic things to get into! And Bali, well... Both are two of my favorite destinations and I am personally inviting **you** to see why!

Join me and the GoGirls™ as we take on Dubai & Bali in the 2023 Edition of: Beauty N'The East.

Your Experience In *Dubai*

In your three day visit to this United Arab Emirates city your itinerary is decked out with five star hotel accommodations, daily expeditions with air conditioned motorcoach transportation, and English speaking cicerone distilling information, cultural facts, history, anecdotes and fun quirks throughout the journey. The height of your trip will reach its peak with entry into the Burj Khalifa, the worlds tallest building where you'll be able to peer at Dubai's lay of the land from the 124th floor, to devouring your gourmet meal 164 feet in the air! Museum entry takes you to uncover the transformation and way of life from what was a desert just 30 years ago to the mecca and metropolis it is today. Additional tours include a visit to the Qasr Al Watan Presidential Palace and photo opps' at Yas Island with time for lunch and shopping tour at the world famous Ferrari World. Dawn your coverings for the Sheikh Zayed Grand Mosque Experience. Take in the fascinating skyline and scenery from Dubai's Marina aboard your dinner cruise. When the smooth sailing is over, we'll bash the sands dunes of the golden desert in 4x4s and partake in an Arabian showcase of belly dancing, fire shows, camel riding and supper. Though we've jammed your short stay with lots of thrilling adventures, we've also included spurts of personal time and tour options to allow you to venture off on your own and curate your own signature experience.

Next Stop

The island of Indonesia is a vacationer's vortex of amazingly rich culture, endless rice paddies, jungle-fringed rivers, sacred volcanoes, temples, mesmerizing sunsets, beautiful beaches, wildlife, streets filled with artistic décor and a welcoming atmosphere happiness, gratefulness, community and tradition. Bali offers the most indulgent experiences with no end of things to do, from trekking mountains to chasing waterfalls and volcanos to surfing. On the more serene scope, Bali is a yoga, health, and wellness hotspot topped with meditation and delicious cuisine's.

Your Experience In *Bali*

From the multitude of thrills to the opportunity to have peace and be still, your visit in Bali includes the best of both worlds!

So, I'm not sure where to start with this one, but "Swiper No Swiping!" Remove your snatchables because the sanctuary we're visiting is home to over 1000 mischievous monkeys! Then, get ready to get down and dirty bathing, feeding and riding the Sumatra elephants for a day filled with mud and fun. On another day, you'll partake in a Balinese cooking class and break bread over the Jatiluwih panoramic rice fields. Adventure continues with an Ebike tour to discover the goddess of Dewi Danu upon the Lake Bratan, and the Tirta Empul temple. Somewhere between the 8 mile rafting excursion along the Ayung River passing through deep mountain gorges, wild jungles picturesque rice paddies and thundering waterfalls your body should be begging for a retreat. Not to worry! Relax and rejuvenate with a full on Cocoa Therapy traditional Balinese massage, chocolate wrap treatment and body scrub is rendered with 100% pure cocoa butter and essential oils. Reminisce on it all as you wind down in a flower bath and body moisturizer. Feeling New? Great. Enjoy the breeze whispering through your toes and hair as you swing through 255 feet of air on the iconic Bali swing before joining us at the harbor for a sunset dinner cruise. Live music and performances add a bow to your experience. Did I leave anything out? Oh yeah, just a few surprises. You know we gotta keep you guessing!

Trust that our rigorous vetting process doesn't stop and end with a few trip advisor reviews, we dig deep with our checklist of requirements beginning with (and not limited to):

- Safety in location
- Cleanliness & top notch sanitation standards
- Mouthwatering gastronomy and superior service
- Awe-mazing artistic design and ambiance

Important FLIGHT Information

Flight schedules are released by the airlines approximately 330 days prior to departure. Seats cannot be accurately priced or booked prior to the posted schedule. Girl Let's Go, LLC has accounted for price fluctuations in our published pricing, however, due to the unstable currency and heightened fuel costs, surcharges, and unpredictable future, travelers who opt to have us purchase their flight will be notified if there is any increase in price; that amount, if any will be added to their invoice and due at final payment. Since flight pricing and availability can change by the minute and typically increase the closer you get to the dates of travel, we encourage all guests to register and make their flight preference as soon as possible. **Guests who choose the trip + flight option** will receive their flight itinerary information by or before October 31, 2022. Anyone registering after this date and desire to be a part of the group flight will be priced at prevailing rates at the time of their request.

What About....

Passports & Visas

Are Required. Passports must have +6 months of validity passed the date of our trip AND have pages available to stamp. Visas will be issued upon arrival. Any changes to these requirements will be published to registered guests.

Vaccinations

Due to the everchanging environment and publications of the pandemic, travelers should monitor CDC guidelines for travel to both countries as what may be valid today can change tomorrow. On the contrary, guests should advise their physician about their travel plans and follow the guidance given.

Freedom Lifestyles

Regardless of the lifestyle you choose to live and wish to express, travelers should be mindful about their dress, public displays of affection, language, conversation topics and the like as some countries frown upon these showcases and in some cases have punishable laws in place to protect their wishes. It is important to remember that these destinations see millions of travelers each year who have been able to enjoy their vacation while respecting their destination.

Yesterday's Pricing

With the ever changing economy and fluctuation of currencies, pricing and availability is subject to change until the actual time your registration and full deposit has been received. The price you are invoiced for will reflect the prevailing rates, based on situations and external factors beyond our control such as increased fuel prices, popular demand, and currency values between countries so **don't delay. Dubai + Bali With Flight	\$4420
Dubai + Bali Without Flight	\$3570
Single Travelers with Solo Rooms	Add \$750

Payments &

Benchmarks

Without payment consistency, we cannot tell "you" apart from others who simply stop paying and abandon the reservation.

We understand everyone's finances are different, so at a minimum, all registered travelers **MUST maintain monthly payment of \$150 per person per month to avoid trip cancellation.** This will NOT pay your balance off by the final payment date, but it does allow you to maintain your place on the manifest and make larger sum payments when you are able.

Our recommendation, however, is to stick to the preferred payment schedule we send you. It will evenly divide your trip balance over the remaining months until final payment. This is a sure fire way to make sure you stay on track! Remember the longer you wait, the less time you have to pay off your balance.

- **Registration \$100 (Reg. \$150)**
- **Final Payment Due by June 1, 2023**

Making Payments

Each traveler will receive their personal electronic invoice within 48hrs of registering. Your invoice will include payment options and instructions on how to make your payments. Convenience fees are applied to all debit and credit card payments.
