# What About....

## Passports & Visas

Are Required. Passports must have +6 months of validity passed the date of our trip AND have pages available to stamp. Visas will be issued upon arrival. Any changes to these requirements will be published to registered guests.

## Vaccinations

Due to the everchanging environment and publications of the pandemic, travelers should monitor CDC guidelines for travel to both countries as what may be valid today can change tomorrow. On the contrary, guests should advise their physician about their travel plans and follow the guidance given.

## Freedom Lifestyles

Regardless of the lifestyle you choose to live and wish to express, travelers should be mindful about their dress, public displays of affection, language, conversation topics and the like as some countries frown upon these showcases and in some cases have punishable laws in place to protect their wishes. It is important to remember that these destinations see millions of travelers each year who have been able to enjoy their vacation while respecting their destination.

# FLIGHTS & TRANSFERS

The price of airfare depends on various factors. Your departing location, preferred flight time, airline, seat and even the time or day that you're viewing your options all play a part in the pricing you are offered. For this reason, it is impossible for us to include the cost of airfare in our packages, as someone flying from Atlanta may have a higher fare than someone flying from California.

Travelers have the option to shop for flights on their own and meet us in destination. Or, we can assist with adding airfare to your individual invoice. (An additional deposit is required) Group flight options for this trip will be released in November 2023 for those areas where we have 14+ travelers departing from the same airport.

All travelers will have the option to enjoy private transfers to and from the airport and resort (in destination) so long as they provide us with their flight itinerary 90 days prior to departure.

# Invoicing & Payments

Without payment consistency, we cannot tell "you" apart from others who simply stop paying and abandon the reservation.

We understand everyone's finances are different, so at a minimum, **all registered travelers MUST maintain a monthly payments of \$100 per person per month to avoid trip cancellation.** This will NOT pay your balance off by the final payment date, but it does allow you to maintain your place on the manifest and make larger sum payments when you are able.

Our recommendation, however, is to stick to the preferred payment schedule we send you. It will evenly divide your trip balance over the remaining months until the final payment. This is a sure-fire way to make sure you stay on track! Remember the longer you wait, the less time you have to pay off your balance.

- **Registration \$50 (Reg. \$150)**
- **Final Payment Due by June 1, 2023**

Therefore, payments made on trips are non-refundable and cannot be transferred to other reservations. **If you wish to have the luxury of compensation in the event you cannot attend the trip, you MUST purchase a travel insurance policy to protect your investment.**

Travel Protection (Travel Insurance) compensates you (the traveler) if things do not go as planned. This can include, but is not limited to:

# Covid-19: & Travel Advisories

As the worldwide COVID-19 corona-virus pandemic remains ongoing and unforeseeable at this time, all travelers booking on this trip acknowledge and understand that every component of this trip is subject to change so that we remain in compliance with the W.H.O. That said, factors such as, but not limited to: entry and exit requirements, virus testing, vaccination and quarantine mandates both in destination in country and returning to the U.S.A. will be enforced as they are given to us. By booking on this trip, it is understood that travel plans may be interrupted or canceled by the supplier, any government entity or other third party to which Girl Let's Go, LLC may or may not have control over, however we reserve the right to make decisions the best health and safety interests of the group without obtaining further permission from the travelers.
